

New Anatomy for Healers®

For Experienced Energy Healers

**Level 1--- Madison, WI,
Weekend Offering: November 2-3, 2019**

This unique hands-on approach **integrates the knowledge of anatomy with the energy system of the body.** It is appropriate for **advanced energy healers** who are new to anatomy as well as for nurses and others who have studied conventional anatomy. Incorporating curriculum from a variety of energy medicine therapies, such as Healing Touch, the **New Anatomy for Healers Level 1 introduces energy techniques for 6 body systems.** In addition, we have a good time interacting with other healers while sharing the miracle of the human body! Come join in, embrace your healing, and enhance your energy medicine practice!

Content...

- The structure, function, location and identification of major organ systems of the body
- Interactive energy exercises.
- Many advanced energy healing techniques.

Teaching methods include:

- Lecture • Notebook • Audio/Visuals
- Body Puzzle • Skeleton and Torso
- Experiential exercises

Educational Prerequisite:

Level 3 of Healing Touch, or similar energy therapy education *with permission of instructors*

Objectives...

- To describe and locate these six systems of the human body: skin, musculoskeletal, digestive, respiratory, and cardiovascular system.
- To energetically palpate abdominal organs.
- To demonstrate advanced energy healing techniques for each of the above systems.
- To apply the knowledge of these specific energy protocols for the treatment of illness

Approval in progress for

“If you know energy, you need to know the physical body. If you know the physical body, you need to know energy. If you know them both, you need to know how to put them together in an energy medicine practice.”

Class Instructor... NANCY LESTER, BSPA, LMT, HTCP/I

Nancy Lester, a retired registered nurse, brings to her teaching over 25 years of nursing experience, including trauma and critical care, hospice, home health, rehabilitation and hospital administration. Nancy has studied numerous therapies with varied energetic healers including Janet Mentgen, Rosalyn Bruyere, Christine Page, and others. She has always been amazed by the anatomy and physiology of the human body and assisted teaching an EMT program that included human dissection. Nancy completed massage school, and through a life drawing and sculpture class gained additional understanding of the anatomical and energetic systems of the human body. Nancy maintains a private practice and is a Healing Touch Certified Instructor for HTP levels 1-5 and serves on the Curriculum Review Board. She also teaches dream workshops and Healing Touch for Self Care.

Class Instructor...WALLE ADAMS-GERDTS, RN, BA, CHt, HTCP/I

Walle is a registered nurse who specialized in pediatric oncology and bone marrow as she studied to become a Healing Touch Certified Practitioner and then Instructor. Her perseverance in Healing Touch and her understanding of the body's innate energy and physiology supported her goal of incorporating a Healing Touch department at Nemours/A I duPont Hospital for Children in Wilmington, DE. Walle currently lives everywhere in Maine with her best four-legged friend, Rufus, serving as a pediatric holistic nurse and mentor. She also facilitates “Stress Less! Joy More!” workshops for high school teens. Walle teaches HT Class Levels 1-3 and is the Chairperson for the Healing Touch Certification Governing Committee. Thrilled to co-instruct with her fellow Instructor/Mentor Nancy Lester, they are a dynamic team! R U Ready?!!

Testimonials...

*"Refreshing and exciting...lively and interesting... A welcome addition to my Healing Touch practice..."
Deepened my sense of awe and gratitude for the physical aspect of the human being."*

*Cynthia Hutchison DNSc, RN, HTCP/I, Boulder, CO
Former Program Educator, Healing Touch Program™*

"This workshop deepened my Healing Touch work with my clients—they now ask me to add these techniques to their treatment. Five years after taking this class, I still use a number of techniques on a regular basis... I highly recommend Anatomy for Healers for all healers!"

*Cindy Palajac, Hon. BA, DipEd, HTCP/I
London, Ontario, Canada*

"This joyful presentation helped to anchor my knowledge of anatomy and physiology...It introduced energetic components to the machinery of the body...I highly recommend it!!!"
